Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Quiz Questions on Embryology, Operative Dentistry and Dental Pathology The purpose of this volume of questions is to aid the students of The Louisville College of Dentistry in their study of the subjects presented in the lectures by the professor of Embryology, Operative Dentistry and Dental Pathology. It is in no sense intended to be considered a text-book, nor is it expected that it will take the place of text-books. On the contrary, the object the writer has had in mind is to encourage the extensive use of text-books by the students and it is hoped that these questions will but prove an incentive and a guide to further study of the subjects merely outlined in this volume. On Embryology the student is recommended to the careful study of the chapters in Vol. 1 of The American System of Dentistry on Dental Embryology and Histology by W. Xavier Sudduth, M. D., D. D. S., and to chapter II in the work on Operative Dentistry by Dr. John Sayre Marshall. This latter treatise is beautifully illustrated and the text is clear and comprehensive. In the arranging of a lecture course on Operative Dentistry tribute has been levied upon the writings of a number of authors to whom acknowledgment is hereby made. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
