UNLIKE ANIMALISM (PAPERBACK)

America Star Books, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.American Tom Regan has formed the doctrine of animal rights as the basis of a singular movement aimed not to worry so much about the welfare of animals rather than failing to deny the same ecological relationships that exist in nature. On one hand, Regan asserts the moral equality of all species. While on the other hand, he does not hesitate to assign the sole human species special moral obligations that would arise objectively on an upper floor. This contradiction is addressed in the paper in light of the flap and even violent terrorists who have taken over the past few years, and some animal rights movements. Renato Massa was a Professor of Animal Biology and Nature Conservation at the University of Milan Bicocca up to 30 September 2009. After retiring, he decided to devote himself solely to nonfiction and fiction. He is the author of numerous scientific papers and is popular on the topics of zoology, nature conservation, biological evolution, and biodiversity. He also authored some fiction books about the relationship between man and nature.
