Coal: Its Composition, Analysis, Utilization and Valuation (Classic Reprint) (Paperback)

By E E Somermeier

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Coal: Its Composition, Analysis, Utilization and Valuation The data and descriptive matter given herein, are largely based upon private notes and upon information and material scattered through text-books, technical bulletins, and in original papers in technical and scientific journals. Much of this data is either inaccessible or in such a form as not to be readily applied or interpreted and hence is not likely to be utilized by those who have the most active interest in coal. In the preparation and arrangement of the material, three distinct classes of readers have been to a certain extent kept in mind: (1) The mechanical and power plant engineer; (2) The chemical engineer and chemist; (3) The non-technically trained business man and operator who has to do with the buying and selling of the coal. In including data which might be of interest and value to these different groups of readers a portion of the material is necessarily elementary for some and a portion is correspondingly technical for others. Good advice to each reader is to select that...
