This suspenseful, page-turning journey of one woman s search of true love is an inspiring reminder that one can draw on inner strength to fight any force and overcome any obstacle. But every choice has its price. Born into a dynasty of healers, Lena Jones is destined to fulfill the family legend of the one whose powers will exceed boundaries and set new limits. Groomed by her Grandma, The Witch from Ojai , Lena is initiated into a world of spells, potions, and incantations. As a healer, Lena devotes herself to past life regression therapy, which not only brings insight to her clients, but also unlocks important clues for her own journey. Living in parallel realities, where magic and sorcery co-exists with the pastoral and normal, Lena is searching for The One, whose face she saw when she was six years old. She knows he is her soul mate, the man that invades her dreams and haunts her thoughts, yet has been dead for centuries. In her spellbinding rite of passage, Lena surmounts a major betrayal that culminates in an epic battle as she fights against the powers of dark magic that threaten her destiny, her sanity, and her soul. The forces that we deal with have two sides: one is good and helpful and the other is dark and dangerous. Part of your training is to learn to distinguish between them, and know when to use which.
