Today in the United States, students are graduating from college already in debt from student loans and beginning their careers in an uncertain economy. Statistics have shown that freshman college students are stressed-not about their grades or about doing well-but rather about the debt they are already accumulating. But is it really possible to graduate from college debt-free? John Lane did, and with his guidebook HOW TO GRADUATE FROM COLLEGE DEBTFREE, he can teach you how to do the same. Recent college graduate John Lane combines mini-workshops with concrete concepts, interactive exercises, and personal stories in order to provide a complete guide on how students can embark on a successful journey to receiving a college education while becoming financially self-sufficient and paying for education costs at the same time. While encouraging students to be proactive in earning funds prior to attending college, Lane also underlines the importance of setting financial goals, creating affirmations, and developing personal declarations. HOW TO GRADUATE FROM COLLEGE DEBT-FREE provides valuable information for any high school or current college students who wants to gain financial freedom and independence and throw their cap in the air on graduation day knowing they are debt-free!.
