It matters not whether this interest be in religious movements, civics, politics, reforms or literary organizations. A knowledge of parliamentary usage gives one a reasonable confidence when taking part in the active work of any organized body and assists one to prepare for public service, not in the spirit of exhibition, but of helpfulness. This manual has been compiled with the hope that it may be a help to those who believe in doing things in the right way. It has been arranged as simply as possible for the busy women of California.
